

Welcome to the SUSD Supply Swap

Have you ever ordered a case of something, when you meant to order just a box? Have you ever ordered something in a large quantity, even though you only needed a few (or one)? Do you have a drawer or cabinet full of supplies that are just not getting used? There might be someone, somewhere else in the District that could use your unwanted office supplies.

This site allows you to pass your extra supplies on to others in our District.

The system is based on first come first serve. Supplies will be exchanged by District mail.
